Jesse Armenio

6688 John Hickman Pkwy, Frisco, TX 75034 | (918) 810-0624 | jesse.armenio@gmail.com | www.jessearmenio.com

Education

Bachelor of Science in Business Administration, Management Information Systems, Information Assurance
Oklahoma State University | Spears School of Business – Stillwater, OK   May 2021

Technical Skills

Programming & Data: HTML5, CSS (SCSS), SQL/MySQL/PostgreSQL, DAX

Tools: Power BI, Azure DevOps, Oracle, SQL Server (SSMS), Microsoft Excel, Visio, SharePoint

Skills: Data Analysis, Modeling, Warehousing, Ad Hoc Reporting, Software Implementation

Methods: Agile Project Management, Requirement Gathering, Version Control

Work Experience

Business Analyst | Full-time, *WCI Data Solutions, Inc.*   October 2021 – September 2024 (**3 yrs**)

- Led a team of seven in the end-to-end development of custom reporting solutions and data conversion initiatives, leveraging SQL (YSR SQL), Cognos, and Power BI to deliver actionable insights and support key processes across departments.
- Drove the software implementation of over 1,200 accounting reports from a 20-year-old legacy system to Yardi Voyager and Elevate ERP billing system, significantly streamlining operational data and enhancing end-user experience.
- Facilitated the translation of stakeholder requirements into functional specifications by leading report component breakdowns with department heads and ensuring the accuracy of dynamic Azure DevOps processes for optimal project alignment.

Power BI Developer | Full-time, *WCI Data Solutions, Inc.*   April 2023 – Dec 2023 (**9 mos**)

- Headed the design and deployment of Power BI dashboards across seven tranches, ensuring strategic insights through advanced data visualization. Presented deliverables to key stakeholders, managed change control, and implemented feedback.
- Translated BI requirements into custom dashboards that illustrated KPIs, financial trends, and property metrics, improving asset visibility and decision-making in real estate management.
- Collaborated with Real Estate Business Analytics (REBA) to model client data and validate field logic.

Project Manager | Contract, *Nesso Services, Inc.*   April 2021 – August 2021 (**5 mos**)

- Directed regular stakeholder and client meetings, ensuring alignment and progress across two portfolios of ETL projects.
- Optimized resource utilization via Monday.com for API Integrations/ERP systems, ensuring efficient & timely delivery.

Functional Skills

IT Project Management | Spearhead end-to-end project lifecycles, including planning, execution, and post-launch support. Proficiently onboard clients, conduct welcome meetings, and coordinate cross-functional teams to ensure seamless API integrations across diverse ERP systems.

Business Analysis | Facilitate design breakout sessions to translate business requirements into actionable technical solutions. Expertly scope validation processes and prioritize project constraints to align with and exceed client expectations.

Certification

Snowflake – SnowPro Core Certification	**AWS** – Certified Cloud Practitioner
Microsoft – Azure Fundamentals AZ-900	**Microsoft** – Azure Data Engineer Associate

Involvement

Spears School of Business Mentoring Collective | *Oklahoma State University*   Spring 2019 – Present (**5 yrs**)

Success Skills
